

CRC Food Grade Contaminant & Label Release is designed to remove dirt, grease, oils, adhesives and other contaminant from machinery and electrical components in the food industry.

CRC Food Grade Contaminant & Label Release penetrates and evaporates quickly leaving a thin, non-conductive film that protects surfaces from re-contamination and minimises equipment downtime.

The plastic-safe formula is safe for use on electronic and electrical components such as connectors, terminals, plugs, jacks, printed circuit boards, switch boards, potentiometers, laboratory and test equipment used in food processing and other clean environments.

Item Code: 3103

Pack Size: 400ml Aerosol

Features and Benefits

- **Removes dirt, grease, oils & adhesives**
- **Prevents re-contamination**
- **Plastic safe**
- **Penetrates and evaporates quickly**
- **Non-toxic, non-staining, colourless, low odour**
- **Recommended for use where incidental contact with food may occur**
- **MPI Approved C26** for all animal product except dairy
- **MPI Approved** for use at farm dairies and in dairy processing

Typical Properties and Characteristics

Flash Point	13°C
Odour	Low
Appearance	Colourless liquid
Solubility	Negligible in water
Plastic Safe	Safe on most plastics (test small area)
Propellant	Carbon Dioxide

Directions

1. Spray surface evenly with a light flow.
2. Apply the minimum amount of product required to accomplish the desired result.
3. Wipe surface or allow remaining product to run off.

Special Precautions

General:

Extremely flammable aerosol. Keep away from naked flames, electrical appliances/lights, lighted cigarettes, etc. Do not spray on open flame or other ignition source. Use with adequate ventilation. Store in a cool, well-ventilated area. Do not eat, drink or smoke when using this product. Dispose of contents/container in accordance with relevant regulations. All unused product should be disposed of in conformance with local and hazard regulations, do not contaminate water supply.

Aerosol Cans:

Do not puncture, incinerate or store above 50°C. Exposure to high temperatures may cause can to burst. Do not place in direct sunlight or near any heat source. Aerosol cans will conduct electricity. Keep away from all live electrical sources including battery terminals, solenoids, electrical panels and other electronic components. Failure to observe this warning may result in serious injury from flash fire and/or electrical shock.

Refer to **Safety Data Sheet** for more details.

Product Warranty or Shelf Life

CRC offers a conditional warranty on this product for the period of 5 years from the date of manufacture.
